From the Director:

**Learning**

Last week we ventured to the Farmshed at Kadina. The children spent time in the playcentre and then we visited the Kadina library for a literacy session. We hope that we can organise another trip to the Farmshed and spend time wandering through the exhibit that visually displays some of the history of the local area.

**Harmony Day**

I would like to invite all families, Kindy and Rural Care to our Harmony Day morning tea. Come and join us for the morning under our newly revamped verandah.

**Police Visit**

Tomorrow morning the police will spend some time talking with the children about personal and road safety.

**Dads Day/Sports Day**

Attached is our invitation to the children Sports Day. This has become a tradition at the centre with the event now in its fifth year. 100% attendance makes this a successful event.

**Numeracy Audit**

Thankyou to the families that have completed the numeracy audit. The audit forms part of the data collection for Priority 3 on our Quality Improvement Plan (QIP), “Improved Numeracy Teaching and Learning”.

Regards Vicki

---

**Bit and Pieces**

Do you have any black pots and/or trays in your shed. We would like to pot up some of the plants we have recently purchased as part of providing a supportive and inviting environment. This is Priority 1 on our Quality Improvement Plan (QIP).

The Governing Council has already organized our first fundraiser for the year.

Money due Wednesday 25th March.
